SMART HOMES

This **Quick Reference Guide** provides the basic steps to get your **VoiceNAV Security System** up and running.

For more detail go to www.voicenav.com.au or refer to your supplied Hills VoiceNAV User Manual

Changing the Master User Code

1
Touch the MENU key

VoiceNAV will speak a number of options

2
Touch the 5 key for USER CONFIGURATION

3
When VoiceNAV says 'enter your code' enter the default Master User Code which is 1234

4
Touch the 1 key to configure USER PIN (personal identification number)

5
Touch the 1 key again, then ENTER when prompted to select which User to configure. The first time will be 1.

VoiceNAV will cycle through 1,2,3 then 4 to indicate the current default code

6
Enter a preferred 4-digit USER PIN or CODE, which cannot start with 0, then touch the ENTER key. The keypad will light up your chosen numbers. Then touch the MENU key three times to exit.

VoiceNAV Indicator lights & Icons

STATUS

Green	System is ready.
Orange	System message present.
Red (Flashing)	One or more zones are in alarm condition.
Red (Steady)	System trouble message present.

To hear system messages, touching the status key. IE: If the status icon is lit red (steady), there is a system fault present, this fault will now be announced.
